

Protecting Democracy

Empowering Voters

TUESDAY, APRIL 9, 2019
11:30 am - 1 pm at the Hall of Fame Cafe
1601 Lake Lansing Road, East Lansing

TALKIN' TRASH:
A REDUCE, REUSE, RECYCLE & ROT DIALOGUE

When is "trash" not trash? When it's reused, recycled or composted. And better yet, when it was never really needed or purchased in the first place.

Our Environmental Committee has gathered tips to share—and invite you to do the same--on how we all can turn "trash" into something useful for a better environmental outcome.

Discover clever ways to reduce plastic and repurpose unwanted items.

Find out what you can recycle -- and where.

And -- learn about composting.

All League members and their guests are encouraged to attend the lunch. We will order from the menu and pay for our own meal.

Reservations are recommended because seating is limited to 40 persons. Contact Elaine Fischhoff at ElaineDiFiLWVL@gmail.com.
